FREQUENTLY ASKED QUESTIONS

WHAT IS A COOPERATIVE? A cooperative is a non-profit corporation that sells shares equal to the number of units on the property. These shares are sold to individuals who qualify and are approved. They are then members of the cooperative through the share purchase. The right of occupancy of a unit is all that is represented by the purchase of the stock. You are not buying real estate, therefore individual mortgages are not allowed.

The cooperative (corporation) is managed by a Board of Directors, elected by the membership and supported by a number of committees composed of volunteers.

Each member pays monthly carrying charges which cover the cooperative's mortgage payments, taxes, insurance, and heat, maintenance of the property and recreation facilities, as well as the accruing of a reserve fund for emergencies.

WHAT IS HOLLIDAY PARK? Holliday Park Towne Houses Corporation is a 694 unit cooperative with a **paid off corporate mortgage**. It consists of townhouses with seven different floor plans, ranging from ranches with 1 or 2 bedrooms to two story townhouses with 2 and 3 bedrooms. The townhouses are distributed over approximately 55 acres. All have private front and back entrances and full basements. There is a large, comfortable clubhouse, Olympic size pool, and a tennis court plus many large green areas.

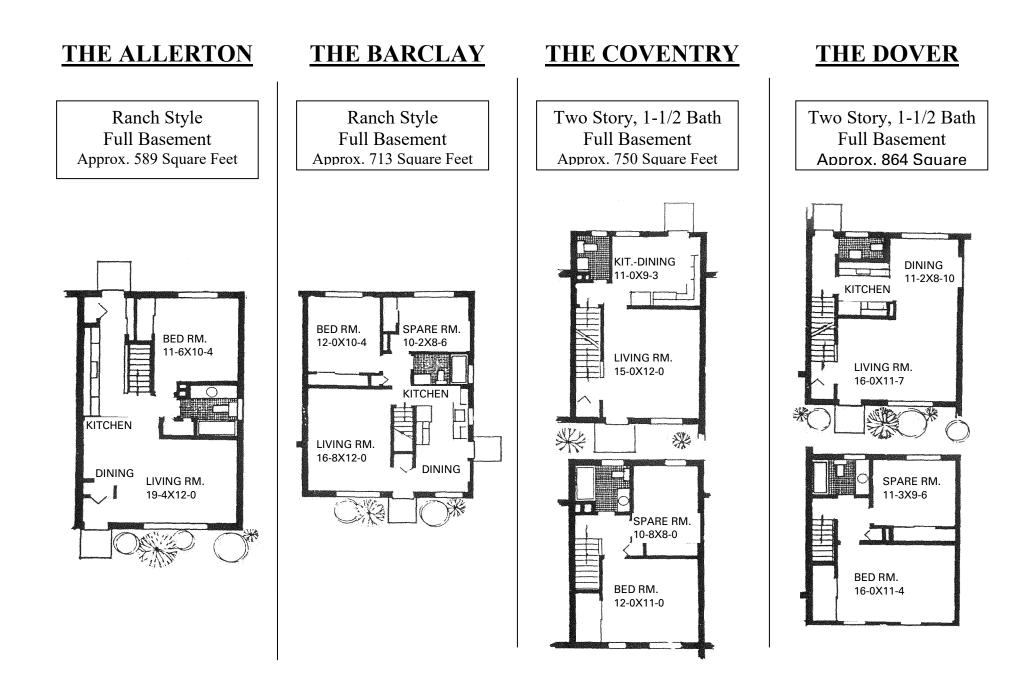

WHERE IS IT LOCATED? Holliday Park is located on the east side of Wayne Road, just south of Joy Road. The address of the business office is 34850 Fountain Boulevard, Westland, MI 48185.

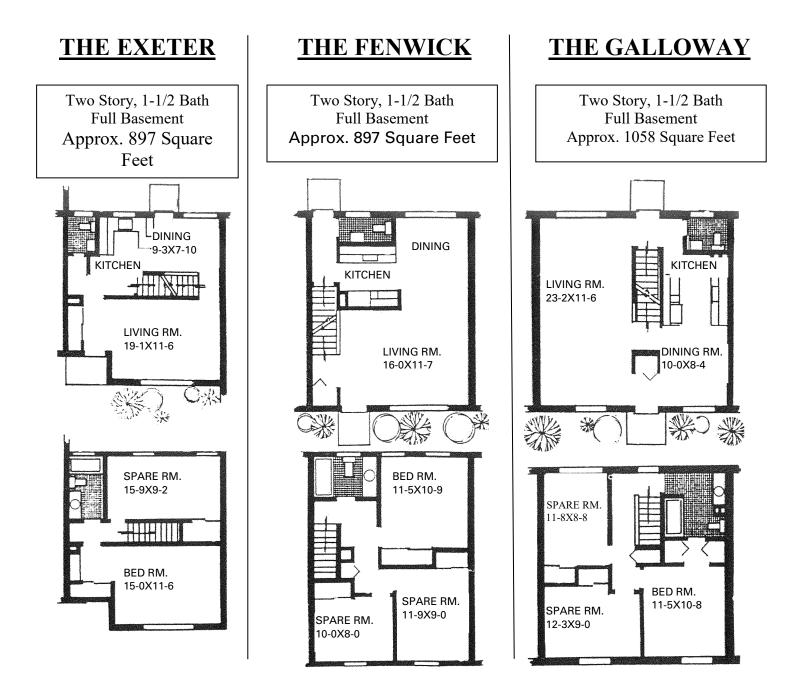

IS THERE A MINIMUM OR MAXIMUM INCOME TO BECOME A MEMBER? You must only meet Holliday Park's minimum income guidelines.

WHAT WILL IT COST TO BECOME A MEMBER? Since you are purchasing the equity from the departing member, the total cost would depend on which unit you qualify for, its overall condition, and the pro-rated amounts for any improvements that have been made to the unit.

WHAT WILL BE MY COSTS AFTER MOVING IN? Besides your monthly carrying charges, you would pay for electricity, telephone, water, cable, and insurance on your personal belongings and liability.

RADON GAS-Notice to Prospective Tenant: Radon is a naturally occurring gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in this state. Additional information regarding radon and radon testing may be obtained from your county public health unit.

LEAD PAINT CLAUSE-Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real estate is required to provide the buyer with any information on lead based paint hazards from risk assessments or inspection in the seller's possession and notify the buyer of any known lead based paint hazards. A risk assessment or inspection for possible lead based paint hazards is recommended prior to purchase.
